Red Line

La Red Line è la gamma semiprofessionale dei compressori Abac che comprende prodotti oilfree e lubrificati, con potenze da 1,5 a 3 HP (da 1100 a 2200 Watt) e serbatoi da 6 a 100 litri.

Una linea completa di compressori adatti alla casa, al fai da te, all'uso semiprofessionale realizzata per tutti coloro che hanno bisogno di aria compressa anche per un uso occasionale e sono alla ricerca di un prodotto molto competitivo, ma con le garanzie di qualità Abac.

Compatti, facili da trasportare e da usare i modelli della Red Line Abac sono confezionati in scatole a colori, graficamente accattivanti, illustrate con immagini fotografiche di utilizzo e corredate da simboli di semplice lettura che sintetizzano le informazioni tecniche.

The Red Line represents the standard duty range of Abac compressors and includes oilfree and lubricated products, with power ratings from 1.5 to 3.0 HP (1100 to 2200 Watts) and with air receivers from 6 to 100 liters capacity.

A complete line of compressors suitable for home, for DIY and for semi-professional use. Designed for those who use compressed air occasionally and are seeking a highly competitive product

with the guarantee of quality synonymous with Abac products. The compact and highly portable models of the red line are packed in four-colour boxes with eye-catching graphics and illustrative photographs showing the various applications for the product.

The easy to read symbols indicate the necessary technical data to the customer.
